Medical treatment for work-related injuries/illness must be sought at an approved medical facility.

The University of Miami Hospital UHealth Workers’ Compensation Clinic, is designed to assist employees in obtaining medical care as soon as possible.

**UHealth Workers’ Compensation Clinic**
1321 NW 14 Street, Suite 502  
West building, 5th floor  
Miami, FL 33136  
Phone: (305) 689-2667  
Hours: 7:00 AM - 5:00 PM Monday - Friday

After hours: UMH ER is set up to provide emergency and non-emergency care to employees after hours.

**Use your judgment.** Injured employees should be sent to the nearest facility capable of providing medical attention as quickly as possible given the severity of their injury. Sending non-emergency situations to an ER will result in delaying treatment to the employee and prevent them from returning to work.

**Life Threatening Injuries:** Are (but not limited too) injuries that result in loss of consciousness, a deep laceration, a head injury, a fall from a ladder or down a staircase, possible loss of life or limb. **Call 911** or go to the nearest hospital emergency department for treatment.
